

Green Books!

Find these GREEN titles and others through the [LATI library catalog](#)

Library Hours

M-Th 7:30-9
F 7:30-4
Closed weekends and holidays.

Library & Ed. Services Green Newsletter

Your library is asking you to GO GREEN.

Think b4 you print.

Printing Statistic:

Since November, 117,000 sheets of paper have been printed from the library printers.

That's nearly 10 trees-worth of paper. *Ouch!*

Less is more.

Print only what you need : -)

The **Meebo Chat Box** on the library homepage is a quick, easy, and **GREEN** way to ask your research questions.

Note Taking...The **GREEN** Way!

Use your laptop - Take notes during class using programs like OneNote. Electronic note taking is effective, efficient, easy and, of course, **GREEN**.

PowerPoint trouble - Skip printing the PowerPoint for class, and take notes on recycled scratch paper instead. Writing the notes yourself will likely help you remember them better anyway.

GREEN TIP: If you need to print a PowerPoint, print six slides per page to conserve paper. Library staff would **LOVE** to show you how to print this way!!
