

STUDENT LEARNING

In each program at Lake Area Technical Institute, faculty develops **Student Learning Outcomes**, which are goals that clearly state the skills and knowledge students will have acquired after completing their program.

Law Enforcement Graduates Will Be Able To:

1. Demonstrate mastery of Law Enforcement principles, ideals, and skills.
2. Perform their duties in an ethical and professional manner with the highest regard for the United States Constitution and the rights of others.
3. Apply critical thinking, problem solving, judgment, and decision-making to combat crime and the fear of crime.
4. Identify and comprehend elements of a crime.
5. Demonstrate courage and safety skills appropriate for law enforcement.
6. Demonstrate knowledge and skills required for state certification and employment as a law enforcement professional.
7. Demonstrate and practice a professional appearance and demeanor.
8. Demonstrate team building, interpersonal, and communication skills as appropriate for employees in a Law Enforcement work setting.
9. Present information (orally and in writing) in a logical manner, chronologically and/or systematically, summarizing pertinent facts, elements and findings relevant to an incident, event, encounter or circumstance.
10. Build, maintain, and sustain relationships with agency and community members through effective, efficient and open channels of communication.
