

How does your disability impact your ability to function in an academic setting?

What accommodations are you requesting?

All students must provide documentation of their disability. Each person and each disability is unique, however, there are general guidelines for documentation that Disability Services utilizes to determine if the student meets the definition of an individual with a disability according to:

- **Section 504 of the Rehabilitation Act of 1973, as amended; and/or**
- **the Americans with Disabilities Act Amendment Act (ADAAA) of 2008; and/or**
- **the Code of Federal Regulations, Title 24 - Housing and Urban Development (24 CFR 891.505 and 891.305).**

Disability documentation must be provided by an appropriate professional - physician, therapist, psychologist, etc. General documentation guidelines:

- Specific diagnosis and/or description of the disability;
- Clear statement of the current impact of the disability upon major life activities;
- Clear statement of the impact of the disability in an educational setting; and
- Recommendations for accommodations.

I will provide Disability Services with documentation of my disability from the appropriate professional.
